The Spear Federal #1 is a well that was plugged 1/19/2016 (API # 30-025-33645). As this is a federal well, the due date for its remediation is 7/19/2016. Two wells that are currently active flow into this battery: the Keel A Fed #3 and the Scott E Fed #1. We would like to request a delay in the completion of the remediation work at this battery until all wells utilizing the battery have been P&A'd.
