200 feet or more, but less than 1000 feet	(10 points)									
1000 feet or more	(0 points)									
Ranking Score (Total Points)	50									

This is a pit closure: (1) Attach a diagram of the facility showing the pit's relationship to other equipment and tanks. (2) Indicate disposal location: (check the onsite box if you are burying in place) onsite offsite If onsite, name of facility: Sundance. (3) Attach a general description of remedial action taken including remediation start date and end date. (4) Groundwater encountered: No Yes If yes, show depth below ground surface: N/A ft. and attach sample results.

Attach soil sample results and a diagram of sample locations and excavations.

Additional Comments:

Request to excavate tank & haul off-site for disposal @ Sundance. All contents by drill pit. Bottom sparks will be taken once all of the cuttings have been removed and before backfill.

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that the above-described pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines , a general permit or an (attached) alternative OCD-approved plan .

Date: 3-5-06

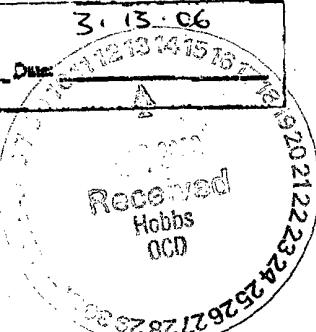

Printed Name/Title: Harold Swain - Site Engineer Signature: Harold Swain

Your certification and NMOCD approval of this application/closure does not relieve the operator of liability should the contents of the pit or tank contaminate ground water or otherwise endanger public health or the environment. Nor does it relieve the operator of its responsibility for compliance with any other federal, state, or local laws and/or regulations.

Approval:
