LEVICK STATE
RRC #03398 80 AC.

A black metal sign with white text is mounted on two vertical posts. The sign is rectangular with rounded corners and is secured with four silver-colored bolts. A horizontal metal bar runs across the bottom of the sign. The sign is positioned in front of a dirt and gravel area, with a single strand of barbed wire visible above it. The background is a light-colored, textured surface, possibly a wall or a large pile of dirt.
