**NATURE OF RELEASE**

Type of Release: Natural Gas	Volume of Release: 9 mmcf's natural gas	Volume Recovered:
Source of Release: 16 inch steel pipeline	Date and Hour of Occurrence: 5/22/2012 @ 7:20 pm	Date and Hour of Discovery: 5/22/2012 @ approximately 7:20 pm
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? E.L. Gonzales & Geoffrey Leking	
By Whom? Rose Slade	Date and Hour 5/22/2012 @ 10:15 pm	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse	

**HOBBS OCD**

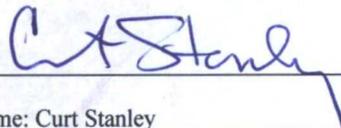

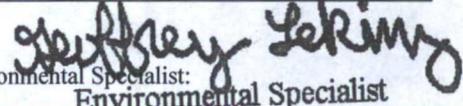

**MAR 26 2013**

**RECEIVED**

Describe Cause of Problem and Remedial Action Taken.\*The 16" natural gas gathering line failed. The line was blown down and taken out of service until the line could be replaced.

Describe Area Affected and Cleanup Action Taken.\*  
The area was excavated and soil samples were collected the excavation and stockpiled soil. The soil samples were submitted to the laboratory for benzene, BTEX, TPH, and chloride analysis. Laboratory analytical results indicated benzene, BTEX, TPH and chloride concentrations were less than NMOCD regulatory guidelines for all submitted soil samples. Approximately 120 feet of the pipeline was replaced and the excavated area was backfilled with the stockpiled soil and locally obtained non-impacted soil.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
