13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

CHEVRON MIDCONTINENT L.P. REQUESTS ADMINISTRATIVE APPROVAL TO SURFACE COMMINGLE OIL, GAS AND WATER PRODUCTION FROM THE BONE SPRING POOL THROUGH CHEVRON'S PRODIGAL SUN CENTRAL TANK BATTERY. WELLS PRODUCING IN THIS BATTERY INCLUDE THE ANTELOPE RIDGE 11 24 34 FED #3H; PRODIGAL SUN 17 24 34 #1H AND MADERA 17 FED #1H. ALL WELLS WILL BE COMPLETE WITHIN THE SECOND BONE SPRING SAND FORMATION. THESE WELLS ARE LOCATED IN SECTIONS 11 & 17, T24S, R34E, LEA COUNTY, NEW MEXICO. API#'S ARE INCLUDED.

Application for surface commingling, Bone Spring Pool, Lea County, NM (T24S-R34E, Sec 11 & 17)

Dear Sirs,

Chevron Midcontinent, L.P. respectfully requests administrative approval to surface commingle oil, gas, and water production from the Bone Spring Pool through Chevron's Prodigal Sun Central Tank Battery. Chevron requests the approval to minimize surface disturbance and future traffic by concentrating activities at one battery. Wells producing to this battery include the Chevron Antelope Ridge 11 24 34 Federal #3H, Prodigal Sun 17 24 34 #1H, and Madera 17 Federal #1H. All wells will be completed within the Second Bone Spring sand Formation. These wells are located in Sections 11 & 17, T24S-R34E, Lea County, New Mexico. API's for each well are included with this notification.

The working interest and royalties for each well are as follows:

Antelope Ridge 11 24 34 Federal #3H	WI 75%; NRI 65.625%; RI 12.50%
Prodigal Sun 17 24 34 #1H	WI 100%; NRI 80%; RI 12.50%
Madera 17 Federal #1H	WI 100%; NIR 80%; RI 12.50%

Working, royalty and overriding interest owners will be notified of this proposal via certified mail.

These wells will be horizontally drilled by summer of 2015. Each well will be tested monthly through a three-phase test separator located at the Prodigal Sun Central tank battery. The three phase test separator will measure oil through a turbine meter on the oil outlet line and gas through an orifice meter run with a Total flow computer on the gas outlet line. A schematic showing this configuration is attached.

Sincerely,

Cindy Herrera-Murillo
Permitting Specialist

Application for surface commingling, Bone Spring Pool, Lea County, NM (T24S-R34E, Sec11 & 17)

Dear Sirs,

Chevron North America respectfully requests administrative approval to surface commingle oil, gas, and water production from the Bone Spring Pool through Chevron's Prodigal Sun Central Tank Battery. Chevron requests the approval to minimize surface disturbance and future traffic by concentrating activities at one battery. Wells producing to this battery include the Chevron Antelope Ridge 11 24 34 Federal #3H; Prodigal Sun 17 24 34 Federal #1H. All wells will be complete within the Second Bone Spring sand Formation, per attached map. These wells are located in section 11 & 17, T24S-R34E, Lea County, New Mexico. APDs for each well, which includes surface plats, are included with this notification.

The working interest and royalties are as follows:

Antelope Ridge 11 24 34 Federal #3H WI 75%; NRI 65.625%; RI 12.5%
Prodigal Sun 17 24 34 #1H WI 100%; NRI 80%; RI 12.50%

Working, royalty, and overriding interest owners will be notified of this proposal via certified mail.

These wells will be horizontally drilled in Spring of 2015. Each well will be tested monthly through a three-phase test separator located at the Prodigal Sun central tank battery. The three phase test separator will measure oil through a coriolis meter on the oil outlet line and gas through an orifice meter run with a Total flow computer on the gas outlet line. A schematic showing this configuration is attached.

APPLICATION FOR COMMINGLING AT A COMMON CENTRAL TANK BATTERY Chevron
 Midcontinent, L.P.
 Prodigal Sun 17 24 34 #1H, Antelope Ridge 11 24 34 Federal #3H, and Madera 17 Federal #1H

APPLICATION FOR, COMMINGLING and OFF LEASE MEASUREMENT AT A COMMON CENTRAL TANK BATTERY

Proposal for Prodigal Sun 17-24-34 #1H; Antelope Ridge 11-24-34 Federal #3H and Madera 17 Federal #1H:

Chevron Midcontinent, L.P. is requesting approval for the Central Tank Battery and off – lease measurement, sales and storage for the following wells:

Federal Lease NMNM113417 (12.5% Royalty Rate)				Oil		Gas	
Well Name	Location	API#	Pool 96434	BOPD	Gravity	MCFPD	BTU
Antelope Ridge 11 24 34 Federal #3H	SW/4 SW/4 Sec 11, T24S, R34E	30-025-42318	Red Hills; Bone Spring, North	350*	42.8*	385*	1360*

Federal Lease NMNM113418 (12.5% Royalty Rate)				Oil		Gas	
Well Name	Location	API#	Pool 96434	BOPD	Gravity	MCFPD	BTU
Prodigal Sun 17 24 34 #1H	NW/4 NE/4, Sec 17, T24S, R34E	30-025-41957	Red Hills; Bone Spring, North	100*	42.8*	100*	1360*

Federal Lease NMNM113418 (12.5% Royalty Rate)				Oil		Gas	
Well Name	Location	API#	Pool 96434	BOPD	Gravity	MCFPD	BTU
Madera 17 Federal #1H	NE/4 NE/4, Sec 17, T24S, R34E	30-025-41199	Red Hills; Bone Spring, North	685*	42.8*	864*	1360*

*These are proposed numbers

Attached is a map which displays the federal leases and well locations in Sections 11 & 17, T24S, R34E.

The BLM's interest in these wells are identical.

Oil & Gas metering:

The central tank battery will be located at the Prodigal Sun 17-24-34 #1H. There are three oil tanks at the central tank battery that the wells will utilize and oil will be sold through the central delivery point (CDP) Lease Automated Custody Transfer unit (S/N 1328E10063), which is located at the facility in the NW/4 NE/4 of Section 17, T24S, R34E. For gas there is a common central delivery point (CDP) gas sales meter (S/N 161974) which is located at the facility in the NW/4 NE/4 Section 17, T24S, R34E. The produced water will go to a common water tank on location.

Each lease will be measured continuously through a three-phase metering separator located at the Prodigal Sun central tank battery. The three phase separators will measure oil through turbine meters on the oil outlet line and gas through an orifice meter run with a Total Flow computer on the gas outlet line. The wells will then be commingled into a common heater treater and flow to common oil and water tanks with gas going to sales on location.

Oil production will be allocated to each lease on a daily basis based on the three-phase metering separator's continuous oil measurement. This ratio will be applied to the total oil production metered by the Lease Automated Custody Transfer (LACT) meter located at the Prodigal Sun central tank battery (S/N 1328E10063).

Lease NMNM 113418 (Prodigal Sun 17 24 34 #1H and Madera 17 Federal #1H) oil allocation meter on the Prodigal Sun central tank battery three-phase metering separator consists of a Turbine meter (S/N 61780)

Lease NMNM 113417 (Antelope Ridge 11 24 34 Federal #3H) oil allocation meter on the Prodigal Sun central tank battery three-phase metering separator consists of a Turbine meter (S/N 60974).

APPLICATION FOR COMMINGLING AT A COMMON CENTRAL TANK BATTERY Chevron
Midcontinent, L.P.

Prodigal Sun 17 24 34 #1H, Antelope Ridge 11 24 34 Federal #3H, and Madera 17 Federal #1H

These meters will be proven via a meter loop as per API, NMOCD, and BLM specifications when installed, once per month for the first 3 months (to establish a consistent repeatability factor), and then quarterly thereafter. The factor obtained will be used to allocate the production volumes.

Gas production will be allocated to each lease based on continuous measurement downstream of the 3-phase metering separators. Flash gas will be measured utilizing an orifice meter fitted with EFM flow computer installed downstream of the VRU discharge (S/N 150007432) and each lease's share of flash gas will be allocated based on total oil metered in continuous well tests. Prodigal Sun Central Tank Battery bulk gas is based on the total gas production metered by the Targa Resources Corp sales meter (S/N 161974).

Lease NMNM 113418 (Prodigal Sun 17 24 34 #1H and Madera 17 Federal #1H) gas allocation meter on the Prodigal Sun central tank battery three-phase metering separator consists of a Total Flow EFM (S/N 150014161)

Lease NMNM 113417 (Antelope Ridge 11 24 34 Federal #3H) gas allocation meter on the Prodigal Sun central tank battery three-phase test separator consists of a Total Flow EFM (S/N 150029728).

These meters will be calibrated on a regular basis per API, NMOCD and BLM specifications. The BLM and OCD will be notified of any future changes in the facilities.

Process and Flow Descriptions:

The flow of production is shown in detail on the enclosed facility diagram and map which shows the lease boundaries, location of wells, and location of flow lines, facility, and gas sales meter. The commingling of this production is the most effective economical means of producing the reserves and will not result in reduced royalty or improper measurement of production. The proposed commingling will reduce footprint, reduce traffic, and lower overall emissions.

Chevron Midcontinent, L.P. understands the requested approval will not constitute the granting of any right-of-way or construction rights not granted by the lease instrument.

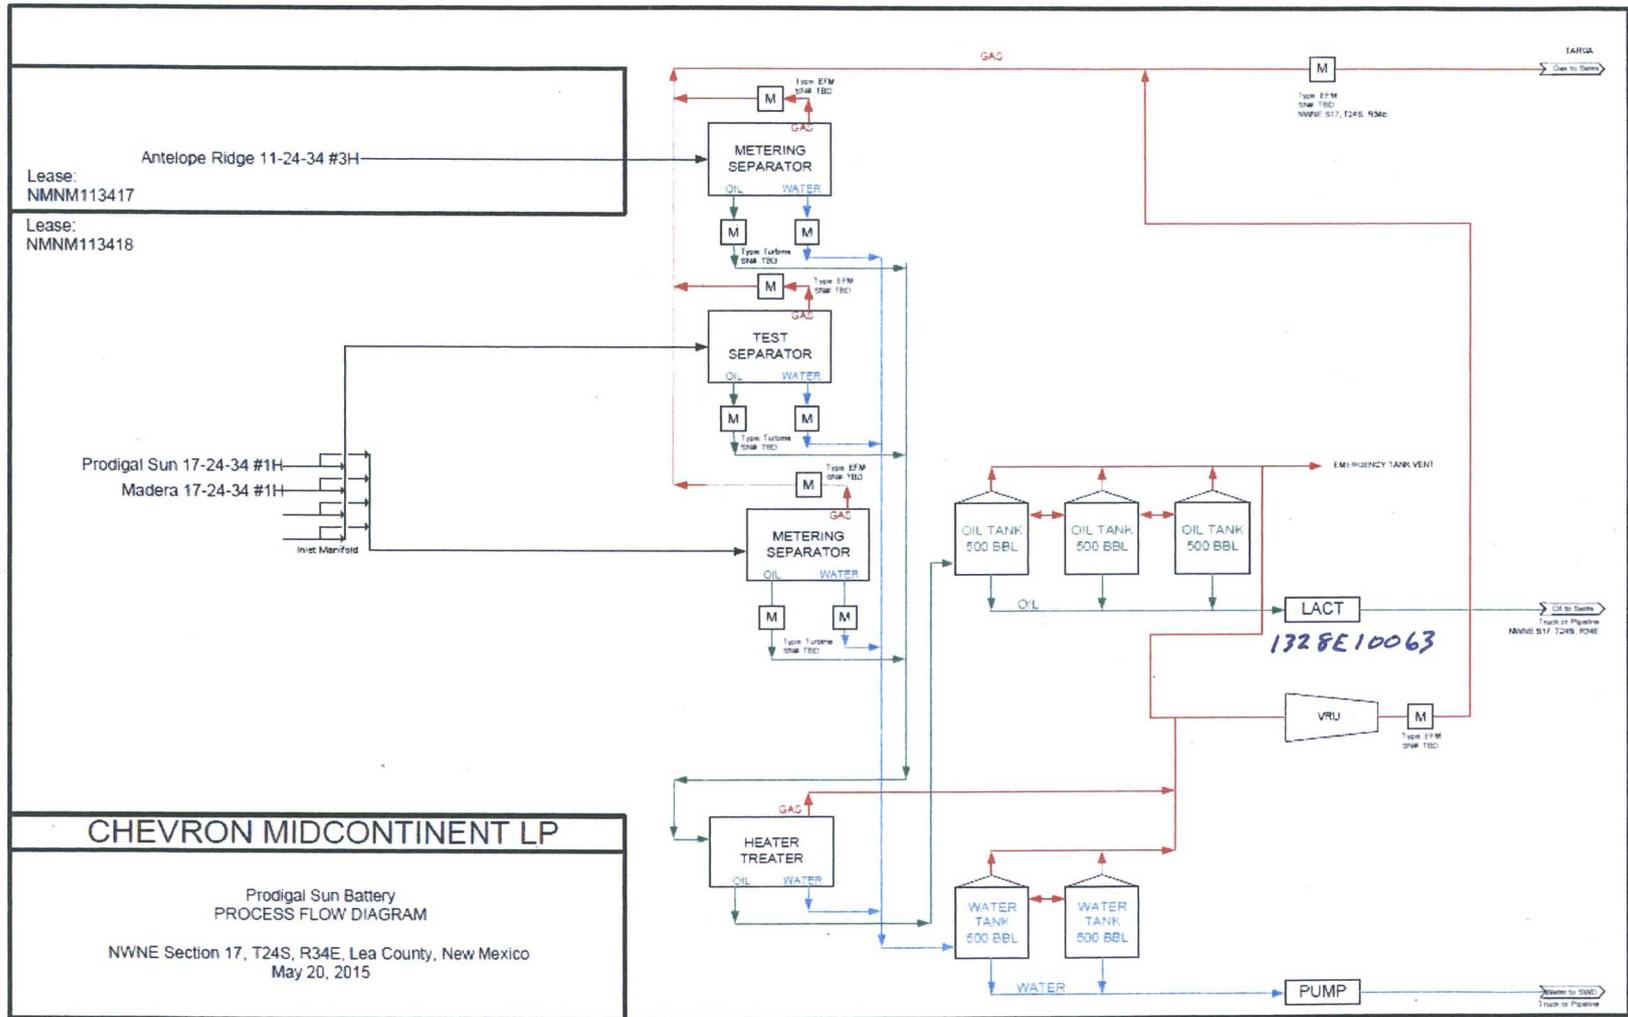

The central tank battery is located in Sec. 17, NW/4 NE/4, T24S-R34E, on federal lease NMNM 113418 in Lea County, New Mexico.

Antelope Ridge 11 24 34 Federal #3H will require off lease measurement, storage and sales of oil and gas.

Working, royalty, and overriding interest owners have been notified of this proposal via certified mail (see attached).

**Economic Justification Work Sheet
 Prodigal Sun Central Tank Battery**

Commingling proposal for leases: NMNM113417 and NMNM113418

Federal Lease NMNM	Royalty Rate	Well Name	BOPD	Oil Gravity (@60 deg)	Value/bbl	MCFPD	DRY BTU	Value/mcf
113417	12.5%	Antelope Ridge 11 24 34 Federal #3H	350	42.8	\$58.00/bbl	385	1360	\$3.08/mcf
113418	12.5%	Prodigal Sun 17 24 34 #1H	100	42.8	\$58.00/bbl	100	1360	\$3.08/mcf
113418	12.5%	Madera 17 Federal #1H	685*	42.8*	\$58.00/bbl	864*	1360*	\$3.08/mcf

Federal Lease NMNM	Economic combined production	Well Names	BOPD	Oil Gravity (@60 deg)	Value/bbl	MCFPD	DRY BTU	Value/mcf
113417 113418		Prodigal Sun 17-24-34 #1H, Antelope Ridge 11-24-34 Federal #3H, and Madera 17 Federal #1H	1135*	42.8*	\$58.00/bbl	3340	1360*	\$3.08/mcf

*These are estimated numbers. Actuals will be supplied after completion.
 Bone Spring oil production in the area is sweet and will be sold at a flat rate of 40 API gravity. Therefore, regardless of the API values of the individual wells the common stream will be sold as if it was sweet and 40 API gravity. These wells are in the same formation and therefore the BTU's are similar.

APPLICATION FOR COMMINGLING AT A COMMON CENTRAL TANK BATTERY Chevron Midcontinent, L.P.

Prodigal Sun 17 24 34 #1H, Antelope Ridge 11 24 34 Federal #3H, and Madera 17 Federal #1H

STATE OF NEW MEXICO
COMMISSIONER OF PUBLIC LANDS
PIPELINE RIGHT-OF-WAY

Right-of-Way Easement R-34363
Antelope Ridge Federal #3H

This indenture made this 19th day of December 2014 by and between the State of New Mexico, acting by and through its Commissioner of Public Lands, "Grantor", Chevron U.S.A. Inc. whose address is 15 Smith Road, Midland, Texas, 79705

WITNESSETH:

That Grantor, for and in consideration of the sum of \$9,600.00-----Nine Thousand Six Hundred Dollars and 00/100 cash in hand, receipt of which is hereby acknowledged, and other good and valuable consideration, hereby conveys to grantee a right-of-way for the sole and exclusive purpose of 3" surface flowline the right to enter upon the real estate hereinafter described at any time that it may see fit to construct, maintain and repair the structures upon the right-of-way, together with the right to remove trees, brush, undergrowth, and other obstructions interfering with the location, construction, and maintenance of said right-of-way.

The right-of-way hereby granted covers a strip of land 30 feet in width in Lea County, as more particularly described by the attached centerline description and survey plats, which are incorporated herein as **Exhibit A**.

This grant is made upon the following express terms and conditions:

1. This right-of-way is granted for a term of 35 years. The grant may be renewed for additional periods upon application to Grantor. Any such renewals are subject to such terms and conditions as the Grantor may require, and payment of compensation.
2. Grantor reserves the right to authorize or grant rights-of-way or other easements to third parties, which may be over, parallel to, or across this right-of-way. In such cases, the subsequent grantee may, at the discretion of the Grantor, be required to post a bond guaranteeing payment for damages to the installations and improvements of Grantee herein. In crossing any right-of-way for a highway, road, telephone, telegraph, transmission line, etc. Grantee herein will exercise due care so as not to interfere with said rights-of-way and will comply with all applicable laws, rules, and regulations in connection with the making of such crossings.
3. The right to grant additional rights-of-way or easements within this right-of-way belongs exclusively to Grantor. Grantor hereby agrees, however, that in the event Grantor elects to exercise such right and if Grantee herein is the New Mexico State Highway and Transportation Department, Grantor will secure in writing the agreement of subsequent right-of-way grantee that no facilities will be constructed or installed within the right-of-way subsequently granted without first obtaining from the Department a permit prescribing the conditions under which facilities may be placed within such right-of-way in accordance with the Department's applicable rules and regulations.
4. GRANTEE EXPRESSLY AGREES THAT PRIOR TO THE CONSTRUCTION OR INSTALLATION OF ANY FACILITIES WITHIN THE RIGHT-OF-WAY GRANTED HEREIN, GRANTEE WILL DETERMINE WHETHER THE RIGHT-OF-WAY IS WITHIN A PREVIOUSLY ESTABLISHED NEW MEXICO STATE HIGHWAY AND TRANSPORTATION DEPARTMENT RIGHT-OF-WAY, AND IF IT IS, GRANTEE WILL OBTAIN FROM THE DEPARTMENT A PERMIT THAT PRESCRIBES THE CONDITIONS UNDER WHICH

APPLICATION FOR COMMINGLING AT A COMMON CENTRAL TANK BATTERY Chevron

FACILITIES MAY BE PLACED WITHIN THE RIGHT-OF-WAY IN ACCORDANCE WITH THE DEPARTMENT'S APPLICABLE RULES AND REGULATIONS. GRANTEE FURTHER UNDERSTANDS AND AGREES THAT THE FAILURE TO OBTAIN SUCH PERMIT SHALL RESULT IN THE FORCIBLE REMOVAL BY THE DEPARTMENT OF ANY FACILITIES THAT MAY BE CONSTRUCTED OR INSTALLED WITHIN THE RIGHT-OF-WAY.

5. In clearing the right-of-way, Grantee agrees to dispose of brush and other debris so as not to interfere with the movement of livestock of state agriculture lessees.
6. All pipelines placed on said lands by virtue of this grant shall be buried not less than twenty inches (20") deep. An exception to this requirement may be granted on other than agricultural lands when hard rock is encountered which would require blasting, or when a temporary pipeline is necessary and will not unduly hamper other surface uses. Deviation of the twenty-inch depth must be shown on the plat accompanying the application for right-of-way or by the filing of an amended plat upon completion of construction.
7. Grantee hereby agrees to carefully avoid destruction or injury to any improvements or livestock lawfully upon the premises described herein, to close all gates immediately upon passing through same, and to pay promptly the reasonable and just damages for any injury or destruction arising from construction or maintenance of this right-of-way.
8. Grantee shall not assign this right-of-way without the prior written approval of Grantor, which shall not be unreasonably withheld. Such approval may be conditioned upon the agreement by Grantee's assignee to additional conditions and covenants and may require payment of additional compensation to Grantor. This right-of-way is for the sole purpose stated and no other. Grantee agrees not to sell or otherwise grant to any person or entity any interest therein or the right to use any portion thereof.
9. The rights granted herein are subject to valid existing rights.
10. Grantor reserves the right to execute leases for oil and gas, coal, and minerals of whatsoever kind and for geothermal resources development and operation, the right to sell or dispose of same and the right to grant rights-of-way and easements related to such leasing.
11. In all matter affecting the premises described herein or operations thereon, Grantee, its employees, agents and contractors shall, at their own expense, fully comply with all laws, regulations, rules, ordinances, and requirements of any governmental authority or agency, which may be enacted or promulgated, including, but not limited to, requirements or enactment's pertaining to conservation, sanitation, aesthetics, pollution, cultural properties, fire, or ecology, including those provisions of the New Mexico Cultural Properties Act, §§18-6-1 through 17, NMSA 1978, that attach criminal penalties to the appropriation, excavation, injury or destruction of any site or object of historical, archaeological, architectural, or scientific value located on state lands. In addition, Grantee, its employees, agents and contractors must comply with the provisions of the Pipeline Safety Act, §§ 70-3-11 through 20, NMSA 1978, and rules enacted pursuant to the Act, and agree to provide the Public Regulation Commission access to records of compliance.

Non-use of the right-of-way granted herein for any period in excess of one (1) year without the prior written consent of Grantor shall be conclusive proof of abandonment of the right-of-way, and shall cause the right-of-way to lapse *ipso facto* and revert to Grantor without further action or notice required of Grantor; and non-use for shorter periods shall place upon grantee the burden of providing that there was no intent to abandon. Grantee's abandonment cannot be waived by any action or inaction of Grantor or by Grantor's failure to discover such abandonment. The resumption of use by Grantee after abandonment shall be deemed a trespass. Grantee, if other than a governmental entity that is provided

immunity from suit by the New Mexico Tort Claims Act, agrees to save and hold harmless, defend and indemnify the State of New Mexico, the Commissioner of Public Lands, and his agents or employees, in their official and individual capacities, of and from any and all liability, claims, losses, or damages arising out of or alleged to arise out of or indirectly connected with the operations of Grantee, its employees, agents, or contractors hereunder; provided however that such claims, losses, or damages are not caused by the negligence or willful misconduct of Grantor.

12. Notwithstanding anything contained herein, Grantor may cancel this grant for violation of any of the covenants of this agreement; provided, however, that before any such cancellation shall become effective, Grantor shall mail to grantee or any approved assignee, by certified mail addressed to the post office address of Grantee or such assignee shown by Land Office records, a - sixty (60) day notice of intention to cancel, specifying the default for which the grant is subject to cancellation. No proof of receipt of notice shall be necessary and sixty (60) days after such mailing, Grantor may enter cancellation unless Grantee shall have sooner remedied the default to the satisfaction of Grantor.
13. Grantee agrees to preserve and protect the natural environmental conditions of the land encompassed in this grant, and to take those reclamation or corrective actions that are accepted soil and water conservation practices and that are deemed necessary by Grantor to protect the land from pollution, erosion, or other environmental degradation.
14. Grantee agrees to reclaim by grading, leveling, or terracing all areas disturbed by the construction or maintenance of the right-of-way or operations thereon and to landscape such areas at its own cost and expense. Landscaping shall include the planting of native grasses, shrubs, or other vegetation so as to return disturbed areas to their natural state and prevent water and wind erosion.
15. This grant shall become effective upon its execution by Grantor.

Re: Application for Surface Commingling
 Chevron's Prodigal Sun Central Tank Battery
 Section 17, T24S, R34E,
 Lea County, New Mexico

COG Operating LLC
 One Concho Center
 600 W. Illinois Ave
 Midland, TX 79701
 Working Interest Owner,

Chevron U.S.A. Inc. respectfully gives notice of intent to surface commingle oil, gas and water production from the Red Hills, Bone Spring Pool through Chevron's Prodigal Sun Central Tank Battery. Wells producing to this battery include the Chevron Antelope Ridge 11 24 34 Federal #3H and Prodigal Sun 17 24 34 #1H (which will be horizontally drilled in the Fall of 2013 into the Bone Spring sand formation, attached map). These wells are located in section 11 & 17, township 24 South and Range 34 East.

The working interest and royalties are as follows:
 Antelope Ridge 11 24 34 Federal #3H (WI/75.00% ;NRI 65.625% ;RI 12.5%)
 Prodigal Sun 17 24 34 #1H (WI/100% ; NRI 80% ; RI 12.5%)

Any objections to this commingle must be sent to the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, NM 87504, within 20 days of receipt of this notification. If you require additional information, please contact me at 575-263-0431, or by email at: cherreramurillo@chevron.com.

Sincerely,

Cindy Herrera-Murillo

Condition of Approval

Surface commingling, off lease storage measurement and sales and alternate method of measurement.

Antelope Ridge 11 24 34 Fed 3H, Prodigal Sun 17 24 34 Fed 1H, & Madera 17 Fed 1H

3002542318, 3002541957, & 3002541199

Lease NM113417 & NM003418

1. This approval is subject to like approval by the New Mexico Oil Conservation Division.
2. This agency shall be notified of any spill or discharge as required by NTL-3A.
3. This agency reserves the right to modify or rescind approval whenever it determines continued use of the approved method may adversely affect the surface or subsurface environments.
4. This approval does not constitute right-of-way approval for any off-lease activities. Within 30 days, an application for right-of-way approval must be submitted to the Realty Section if not already done.
5. Approval for combining production from various sources is a privilege which is granted to lessees for the purpose of aiding conservation and extending the economic life of leases. Applicants should be cognizant that failure to operate in accordance with the provisions outlined in the Authorized Officer's conditions of approval and/or subsequent stipulations or modifications will subject such approval to revocation.
6. Gas measurement for allocation must be measured as per Onshore Order #5 for sales meters.
7. All gas and oil subject to royalty shall be measured as per federal regulations and shall be reported to ONRR as required. All gas which is vented, flared or used on lease shall be reported as per NTL-4A to ONRR. All gas which is vented or flared shall be subject to royalty, unless prior approval was given by the authorized officer.
8. This agency shall be notified of any change in sales method or location of sales point.
9. Additional wells and/or leases require additional commingling approvals.
10. Notify this office 24 Hrs. prior to any meter proving to allow time for an inspector to witness.
11. Approval for alternate method of measurement for oil production. turbine meters will be used off 3 phase separators for allocation of oil production and oil will be sold through a common LACT meter at facility.
