13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Hello Stormi,

I am looking at one of the subsequent drilling reports and was wondering if you can please tell me what was the top of cement for 5 1/2" production casing.

Thank you-  
Haque

Good morning.

They ran a CBL 8/24/16 and report TOC @ 1740'. I will add this info to the subsequent report of completion operations. Do you need a sundry before then? They are completing the well now.

Stormi
