Addison,

We will need flaring permits for the wells listed below. The plant shut down will start April 24th and be over April 28th. As always I would add a few days to the request in case they have any unforeseen issues coming back online. Please let me know if you have any questions.

Well Number	Estimated Daily Gas Volume
Laguna 16 State No.1	180 mcfpd
Laguna 16 State No.2H	80 mcfpd
Laguna 16 State No.9H	120 mcfpd
Total	380 mcfpd

Thanks,

Odie Roberts Jr.

All,

The dates for the outage/turnaround have been confirmed and are scheduled for the week of April 24th so we will be preparing a letter to send out this week with more details.
The plan is to bring the plant back online on Friday the 28th.

If you have any questions let me know.

Subject: RE: Maljamar System - Planned/Scdeduled Maintenance

All,

I am trying to find out the exact dates for the 5 day outage/turnaround planned in April.

We were originally shooting for the 1st week of April, but I am fairly confident that has been pushed out and we will send notification as soon as possible.

My apologies for the delay and feel free to call me with any questions or concerns.

Best regards,

Subject: Maljamar System - Planned/Scdeduled Maintenance

At the present time, a five (5) day complete shutdown is planned during the month of April, 2017 for maintenance. The dates have not been scheduled but we will send letters out with more details as soon as the exact dates are confirmed.

I just wanted to give you heads-up and I will try and send another email ahead of the letter.
