13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

In order to avoid this location being considered a NSL, Centennial Resource Production, LLC respectfully request approval to move the location of the planned producing interval. Currently the wellbore is permitted 288'FWL of the project area, we would like to shift the wellbore over to the east another 42' in order to comply with the NMAC SWR 19.15.15.9. Attached please find an updated C-102 showing the proposed new location of the wellbore. Thank you for your review.

Should you have any questions, please feel free to contact me at the number or email below.
