Hi Danny ~

I am processing Form C-103 which you dated 5-30 and am reviewing the well file for regulatory compliance. I noticed the C105 is not on file, and should be prior to beginning injection operations. I will contact Richard. Thank you for his address and phone #.

I appreciate your time afforded to my request. Have a nice day ~

Karen,

In reference to your phone call this morning concerning needing a C-105 for the subject well, I don't find a C-105 in my Lewis Fee SWD #1 files for Nemo. Below is an email string I had with Maxey and Michael McMillian concerning first injection date and any needed information concerning this well. First injection was approved by Paul per his 5/19/17 approval of a subsequent notice C-103. Maxey just asked that the injection start date be reported via C-103 and include an updated wellbore diagram. He didn't request a new C-105. Attached is a copy of the C-103 I mailed to Hobbs after receiving his email request. I suspect that C-103 is what prompted your call.

As I relayed to you on the phone, we no longer handle regulatory reporting for Nemo Fund I, LLC. The owner of Pueblo West, LLC retired and notified customers that he was closing the doors in mid-July. If you need a new Nemo contact, I suggest you contact Mr. Richard Wright in Midland at 432-288-5874. His email address is rwright@carreraenergy.com. He is Nemo's Operations Manager for the Permian.

Dear Karen & Maxey,

The Lewis Fee #1 Data is as follows (as of 9-14-2017):

Current Injection Rate: 2222
Injection Pressure: Vacuum
Cumulative Volume: 98,898

Did Danny finish his C-105 filings? I cannot tell from my files.
