13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

ConocoPhillips respectfully requests your concurrence to continue stockpiling caliche on this existing pad which is shared with MCA Battery 2.

As suggested by J. Amos during a meeting in Carlsbad, ConocoPhillips has been performing reclamations which involve removing and stockpiling excess clean caliche. This caliche is later used for road maintenance and other repair work.

No additional surface disturbance is expected.

Thank you for your time spent reviewing this request.

*Not to exceed 6 month from approval date*

14. I hereby certify that the foregoing is true and correct.
