13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Legacy Reserves Operating LP respectfully requests the well TA status be extended for 1 year. To allow for oil price recovery to justify fishing on the well and returning to production. The work previously discussed on the original TA request was not completed due to the down turn in the industry.

Rejected - MIT work was not submitted. need MIT chart showing it passed. If retesting contact BLM 24 hours prior.

14. I hereby certify that the foregoing is true and correct.
