Newman 32 State #1 TA status extension request. API #30-025-32021

Remnant Oil Operating acquired the Newman 32 State #1 in 2016 from Legacy Reserves Operating. This well, along with one other well in this area, are currently being evaluated for potential recompletion in the Abo formation (currently completed in Ellenburger). There have been successful Abo wells which offset this well and Remnant plans on testing the Abo in the near future. Remnant Oil Operating is respectfully requesting the Newman 32 State #1 be given a 12 month extension to its TA Status (TA status expired in 2016).

**Condition of Approval: notify
OCD Hobbs office 24 hours
prior of running MIT-Test & Chart**
