Lea County, New Mexico

Gentlemen:

Range Operating New Mexico, Inc. has recently recompleted the subject well and plans to downhole commingle the Blinebry Oil & Gas Pool (06660) and the Drinkard (19190). The appropriate paperwork has been filed with the OCD including the following:

- (i) According to R-11363 established pre-approved pool & area
- (ii) Pool Name: Blinebry Oil & Gas (06660) Drinkard (19190)
- (iii) 5856 – 5948 6463 – 6570
- (iv) Prod % Oil, Gas Wtr 83,42,83 17,58,17
- (v) The downhole commingling of oil, gas & wtr from the above fields will not reduce the value of the remaining production.
- (vi) Ownership in both pools is identical.
- (vii) This is a State well.

Should you have any questions or need further information please contact the undersigned.

Sincerely,

Paula Hale
Sr. Reg. Sp.
