13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

The purpose of the remedial workover will to be clean out fill that has accumulated in the bottom section of the well bore. Estimated start date will be Monday July 16th 8am. Rig will move in and rig up with BoP. Tubing will be pulled and inspected. Run back in with work string and bit and clean out the well bore to 5500'. Once the well is flowed back and circulated clean an acid job will follow. Work string will be pulled and the production packer and tubing will be ran back in the hole and set.
