13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Run MI test to gain extension on TA status.

**Condition of Approval: notify  
 OCD Hobbs office 24 hours  
 prior of running MIT Test & Chart**

Due to recent ROZ development in the South Hobbs Unit, it is requested that the Byers A131 be granted TA extension barring a successful MIT. The Byers A31 is a deep well that penetrates through the entire ROZ. Recently, a four-pattern ROZ development has been implemented in the South Hobbs Unit. Reservoir Management team is currently evaluating results to expand ROZ development. Byers A31 would be a great candidate to be used in this project expansion.
