13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

COG Operating LLC respectfully requests to add a surface 3" poly line along the existing lease road. The working psi will be below 125psi. The line will be a total length of 3060' and used to transport produced gas beginning at the BC Federal #35 well, tying in the BC Federal #9 well and the BC Federal #39 well then ending at the BC Federal #21 well where it will tie into the COG Main gas gathering system as shown on the attached map.
