OTHER: <input type="checkbox"/>		<input checked="" type="checkbox"/> Location is ready for OCD inspection after P&A <i>JPM</i>	

- All pits have been remediated in compliance with OCD rules and the terms of the Operator's pit permit and closure plan.
- Rat hole and cellar have been filled and leveled. Cathodic protection holes have been properly abandoned.
- A steel marker at least 4" in diameter and at least 4' above ground level has been set in concrete. It shows the

OPERATOR NAME, LEASE NAME, WELL NUMBER, API NUMBER, QUARTER/QUARTER LOCATION OR UNIT LETTER, SECTION, TOWNSHIP, AND RANGE. ALL INFORMATION HAS BEEN WELDED OR PERMANENTLY STAMPED ON THE MARKER'S SURFACE.

- The location has been leveled as nearly as possible to original ground contour and has been cleared of all junk, trash, flow lines and other production equipment.
- Anchors, dead men, tie downs and risers have been cut off at least two feet below ground level.
- If this is a one-well lease or last remaining well on lease, the battery and pit location(s) have been remediated in compliance with OCD rules and the terms of the Operator's pit permit and closure plan. All flow lines, production equipment and junk have been removed from lease and well location.
- All metal bolts and other materials have been removed. Portable bases have been removed. (Poured onsite concrete bases do not have to be removed.)
- All other environmental concerns have been addressed as per OCD rules.
- Pipelines and flow lines have been abandoned in accordance with 19.15.35.10 NMAC. All fluids have been removed from non-retrieved flow lines and pipelines.
- If this is a one-well lease or last remaining well on lease: all electrical service poles and lines have been removed from lease and well location, except for utility's distribution infrastructure.

When all work has been completed, return this form to the appropriate District office to schedule an inspection.

Subject: RE: [EXTERNAL] Toro 27 #2 removing gas meter

Hello!

This is Caitlin O'Hair from WPX Energy and we are working with the NMOCD to get our plugged site, the Toro 27 #2 released, but ran into a snag since there is a Targa gas meter onsite.

The NMOCD will not release the site until we get a written document/typed response from Targa that the meter will be removed.

Is this something you can help us with?

-Thank you!

Subject: [EXTERNAL] Toro 27 #2 removing gas meter

Hello! This is Caitlin O'Hair from WPX Energy.

I believe you have been talking to John Westfall on the gas meter removal on the Toro 27 #2?

Could I ask for that confirmation to be in email form (a response to this message) or in writing so that I can submit it to the NMOCD's Mark Whitaker?

-Thank you.
