13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

-6/14/19 - Jose with IPT contacted Gary w/ the Lea Co OCD on the morning of June 14 to get a witness for the MIT. Gary gave Jose verbal approval to perform the MIT that same day with out an OCD witness. After MIT was performed, Jose texted Gary the results of the test as requested by Gary.

-6/26/19 - Jose called and explained the following to Gary, OCD Rep.:

-The MIT test chart on the Sidewinder SWD in Lea County, NM has an anomaly. The anomaly was caused by an employee of AFS Wellheads dropping a nut from the man basket onto the test chart recorder. The dropped nut caused a vertical line on the test chart. The MIT test had 0 psi gain/loss.

Spud Date:

1/31/19

Rig Release Date:
