RE: Request for
Permanent Disconnect and
And to
Retire Power Lines
Meter #61967
BTA Oil Producers LLC

The well associated with this service drop has been plugged and abandoned.

Please accept this request for a permanent disconnect and to retire the power lines for the service at:

Meter #61967
Buckeye SWD
Lea County, NM
GPS: 32.80623 -103.38536

I found a bill in our system and it might be that this meter is associated with the Account #22032027

From a survey of the site, there are four poles that need to be removed (the last one with the meter may or may not belong to the Cooperative). I can arrange for a licensed electrician to take care of the last pole, if that is our responsibility.

Thanks to Amanda and Ray for your help in making this request. Please contact me anytime if you have questions about the location, the meter, or other BTA work.

Sincerely,

Bob Hall
