If this is a pit closure: (1) Attach a diagram of the facility showing the pit's relationship to other equipment and tanks. (2) Indicate disposal location: (check the onsite box if	
your are burying in place) onsite _ offsite _ If offsite, name of facility (3) Attach a general description of remedial action taken including	
remediation start date and end date. (4) Groundwater encountered: No Tyes If yes, show depth below ground surface ft. and attach sample results.	
(5) Attach soil sample results and a diagram of sample locations and excava	
Additional Comments: Work plan for closure of drilling pit. Pit contents will be mixed with earthen material to stiffen the pit contents. Encapsulation trench will be	
Constructed and lined with a 12 mil synthetic liner. Pit capping liner will then have a min. of 3" of top soil placed on top. A 48 hour notice will be provided to the Oil	
Conservation Division before pit closure actions are begun.
