13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

This well is a temporarily abandoned well and the last Stephens & Johnson Operating Co. well on the T. D. Pope lease. Stephens & Johnson Operating Co. is transferring this well to the Denton North Wolfcamp Unit as well No. 6-16 to serve as a spare well to the Unit well No. 6-31 in the event that well No. 6-31 becomes unservicable as has occurred with several wells.

Private
**Note: This well is a State well; however, Tract 1 is Federal. Therefore, we respectfully request that the BLM update the well status in their database.
