Eddy County, New Mexico

Dear Bryan:

30-015-35056

We plan to complete this well in the Yeso which is sweet and we don't anticipate cutting any formations that contain H2S gas during the drilling of the above referenced well. Therefore, we do not believe that an H2S contingency plan is necessary.

If you have questions or need further information, please call.

Sincerely,

Nancy Bratcher
Land Department
