The subject well was drilled as a Queen Test. Initially, the well pumped oil w/ water, but the well became uneconomic. Seely intends to evaluate the area for secondary recovery possibilities and, therefore, requests temporarily abandoned status for this wellbore.

Enclosed please find a pressure chart for the casing integrity test of October 17, 2006. Said test was witnessed by Mr. Marlon Deaton of the BLM.

After 11/1/2007 the well must be online or plans to P & A must be submitted.
