13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Operator requests permission to use the NW portion of the existing pad for this wellsite as a storage area for tubing, rods, fittings, and extra parts for the production equipment on the wells that we operate on this and offsetting leases.

The site will not be used to store any large equipment such as heater-treaters, production tanks or pumping units.

The site will not be used to store any trash or junk, only equipment that we can re-use in our operations.
