If this is a pit closure: (1) Attach a diagram of the facility showing the pit's relationship to other equipment and tanks. (2) Indicate disposal location: (check the onsite box if		
your are burying in place) onsite 🗌 offsite 🗀 If offsite, name of facility (3) Attach a general description of remedial action taken including		
remediation start date and end date. (4) Groundwater encountered: No 🛛 Yes 🗌 If yes, show depth below ground surfaceft. and attach sample results.		
(5) Attach soil sample results and a diagram of sample locations and excavations.		
Additional Comments: Notified Gary Wink with NMOCD on 5/02/007 Recd Verbal at 311pm		
Pit was constructed 30feet to the Southeast of the well to catch salt water during plugging operations. Pit and ditch to the pit were lined with 12 mil plastic.		
All fluid was pulled from the pit during the night while plugging operations were active Dry plastic liner was folded over and covered in the bottom of the pit.		
Pit was closed on 5/21/2007		
I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that the above-described pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines , a general permit , or an (attaghed) alternative OCD-approved plan .		
Date: _5/2/2007 Printed Name/Title Billy E. Prichard Foreman Signature Billy E. / Auchie		
Your certification and NMOCD approval of this application/closure does not relieve the operator of liability should the contents of the pit or tank contaminate ground water or otherwise endanger public health or the environment. Nor does it relieve the operator of its responsibility for compliance with any other federal, state, or local laws and/or regulations.
