Re: State 1-30 Well #1  
Unit B, Sec. 30, T12S, R34E

Gentlemen:

Your intention to add additional perforations to the above-referenced well has been approved. However, should this zone be productive, it will be considered as a completion in the East Hightower Upper Penn according to type log for this pool. To produce the well from both the Upper Penn and the Lower Penn you will have to secure approval to downhole commingle.

Should you have questions concerning this, please contact me at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I
