Subject: Willie State Unit #2 - Letter of Violation

Donna,
In response to the letter of violation dated September 7, 2007, we were waiting on further evaluation and additional work before completing this well. We've recently sent in an intent to plug it; however, management wants to test another zone before giving up on this well bore. You should be receiving those procedures within a few days. Since we do not have a completion in the current zone can we get a 60 day extension on the due date?

Thank you,
Michelle Taylor
