13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The well was shut in for a long period of time. Presently the well is pumping 100% water, Mar will have the well on test for ninety (90) days and after ninety (90) days take further action.

Accepted for record. Approval subject to returning well to continuous production and keeping well on continuous production within the time frame specified by the Hobbs Field Station.

14. I hereby certify that the foregoing is true and correct
