13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Please find attached "facility diagram" for subject well.

1. To minimize surface disturbance, a separate water tank and two oil tanks were added to the existing tank battery at the 28 No. location.
2. At present, the well makes little or no water on a daily basis. Any produced water is hauled to public disposal at the same time as water from the No. 1.
3. After measurement, gas is sent to sales thru the same gas line as the No. 1.
