status

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

Occidental Permian Limited Partnership requests an extension of temporary abandonment status for the subject well. Oxy plans to utilize the well as a pilot well to determine if 20-acre development is justifiable in some areas of the North Hobbs G/SA Unit. Extension of TxA status will allow Oxy the necessary time to fund, develop, and implement this pilot study.
