Attachments:

Donna the main OGRID for Burlington Resources Oil & Gas Company LP is OGRID 14538 which holds the blanket bond. I do not have a plugging bond role code for 26486. I was told that I am to put the wells under the OGRID that holds the blanket bond as other OGRIDS were for identification purposes only. Since it is going to be P/A but not released shall we leave it or will you change it to OGRID 14538? Thanks. Need to know which OGRID to put this bond under.
