(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form)

13 Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work)\*

Mack Energy Corporation is requesting approval to extend the deadline on the Peery Federal #3, for an additional six month period. The lease was effective 1/1/08, therefore 7/1/08 is the deadline. We have been working diligently to comply with this request, but do to an NSO Order and many numerous issues that require time to resolve, we need additional time to complete. The Peery Federal #3 well will be produced as soon as approval to build a production facility is approved and work is completed.

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Mack Energy Corporation is requesting approval to lay a 2 7/8" steel production flowline from the Peery Federal #3 well to the Peery Federal #2 well, which will also be our production facility. The flowline will be laid on the surface and alongside of the existing access road between these two wells. As you can see by the attached plat from a Certified Surveyor the total distance of this line will be 2199.1'

Attached is a plat to use in reference to this pipeline. Pipeline illustrated as a dotted line.

Expedited approval of this request would be appreciated, due to stipulated time period to produce this well.
