Thanks for your response. The test on this well was being required because of the oil/fluids leaking from wellhead to insure the Mechanical Integrity of this well. Also all forms (hard copies with original signatures) need to be mailed to our office (1625 N. French Drive, Hobbs, New Mexico 88240) to be date stamped, approved or denied and scanned into the well files. We are not able to approve forms sent as e-mail attachments.

Maxey,

In reference to the above well and your letter dated August 1, 2008, please find attached a copy of Pride Energy Company's letter dated March 7, 2008 to the NMOCD, along with Form C-103 that reflects that the MIT was performed on this well on February 28, 2008. The chart is also attached.

Thank you and if there are any questions, please feel free to contact me at (918)524-9200.
