Re: Letter of Violation
Inspection No. iMAW0823356444

Mr. Whitaker:

This is in answer to your letter of violation concerning the wrong operator listed on the Toro 33 State #1 well sign.

We have installed a sticker on the well sign which covers up the previous operator's name. The well sign now shows RKI Exploration & Production, LLC as operator.

If you have any questions, contact our office.

Sincerely,

Gene Simer, Production Superintendent
RKI Exploration & Production, LLC
