Describe Proposed or Completed Operation (clearly state all pertunent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.) In response to Cerfied Letter Number 700300000044543038 dated June 5, 2008 from your office, Cano has completed surface cleanup of the above-referenced locations. Cano used earth moving equipment to remove surface areas around the well bores. Cano arranged transportation and disposal of about 260 cubic yards of removed surface material. The material was disposed at the Gandy-Marley Incorporated Landfill near the field. Disposal tickets are attached. Captioned Photos of the locations as of August 13, 2008 are attached. . A reference aerial photograph with the sites identified on it is attached. Cano is prepared for final inspection of the referenced locations. Please call John O'Malley at 817-698-0900 should you have any questions. 14.
