We notified them by including them on the distribution list. We farmed in their acreage, so we had contractual ownership.

There was never a certified letter like we did on the PF #1 to Conoco.

Can you send me a copy of the notification about the well status on PF #2?

We farmed in their acreage with the option to re-enter the #4 or drill a new well. We elected to drill a new well, but their well is not producing.

We notified them of the well status of the Prairie Fire #2, but never to get their permission since we acquired their interest.

Do you know if we sent this letter to Nearburg?

Ryan,

I had a call from the OCD this morning. They say that the Prairie Fire #2 shares acreage with Nearburg's- Sims 35 State #4.

Edge should have sent a letter by cert. mail to Nearburg on the sharing of acreage. I need a copy of this to send to the OCD so

they will process the completion report. Call me if you have any questions.

The well sign is on location for the 27 #1. (since last Saturday)

Thanks,

Angela
