HOBSOCD

Donna,

In reference to the above described well and your email to me dated December 22, 2008 (copy attached), please find enclosed the following:

1. Form C-102 (Well Location and Acreage Dedication Plat)
2. A revised Form C-104 (Request for Allowable and Authorization to Transport)
3. A revised Form C-105 (Well Completion or Recompletion Report and Log)

Also, the Wolfcamp is the producing formation with the producing interval being 10,162' – 670' as indicated on the Form C-105 (copy attached) that was mailed to the NMOCD Hobbs office on December 11, 2008. Please note that a Cast Iron Bridge Plug was set at 10,900' that isolated all perms below 10,900', therefore no Downhole Commingling Order would be required.

Thank you, Donna, and if there are any questions, please feel free to contact me at (918) 524-9200.

Sincerely,

Matthew L. Pride
