13 Describe Proposed or Completed Operation Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

On March 14th, 2008 - Reclamation of well pad was finalized. After well was plugged all equipment was removed from well pad. All caliche was ripped from location, 3' of topsoil was placed on location and pit area. Road entrance into well pad was ripped, covered with topsoil and reseeding took place on 09/25/08. All work was checked by Trisha Bad Bear.
