13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Effective February 19, 2009 there will be gas sales on this well. The DPC gas meter is located on the Urraca Federal #1 tank battery located in Section 11 T23S-R32E, 660' FSL & 1980' FWL. Both the Urraca and Cuervo tank batteries have gas meters to separately measure the gas produced from each lease which will in turn be allocated to each producing well by well test. The BLM will be notified when the proper documents are filed with the Oil Conservation Division.
