13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

ConocoPhillips Company respectfully requests an extension on the continued TA approval to June 1, 2009. As indicated by the NOI filed and approved on 9/6/2008, the above well has been recompleat and all downhole work was finished on 12/18/2008. At this time, we are waiting on surface facilities to be hooked up and first production to occur. Upon notification of first production, the appropriate completion report, subsequent report of operations, C104, and required DHC approval will be submitted.

**AFTER RECOMPLETION AND TESTING
