13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleting horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleting in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

ConocoPhillips Company respectfully request to renew the TA status on the above well. A successful MIT was ran in December 2008 and copy of the chart is attached. As per the Plan of Development, this well is being evaluated for uphole recompletion. The anticipated review and subsequent submittal of the Notice of Intent should occur by July 1, 2009. The well work, pending all partner approval, should occur by the end of year 2009.

After 10-30-09 the well must be online or plans to P & A must be submitted.

**Temporary Abandonment of Wells on Federal Lands
Conditions of Approval**

A temporarily abandoned well is defined as a completion that is not capable of production in paying quantities but which may have value as a service well. Pursuant to 43 CFR 3162.3-4 (c), no well may be temporarily abandoned for more than 30 days without the prior approval of the authorized officer.

Warren Unit B/T #52 3002526033

Submit Subsequent Report and well bore diagram with all Perforations and CIBP with tops of cement. Well is approved till 10/30/09. Operator must submit plans for recompletion or plans to P&A well by October 30, 2009. Submit up dated 3160-4 completion report, well is being reported as OSI on production reports not TA. Correct all production reports as per correct well status.
