13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The above plugged location was reclaimed on March 12, 2009 as follows:

1. Removed well sign, power poles, meter run, flowline, and all debris
2. Dry hole marker installed with information on it
3. Strip caliche from location and access road
4. Remove any contaminated soil and replace with clean topsoil
5. Contour to surrounding and shape
6. Built an earthen barricade at entrance to prevent vehicular traffic
7. Rig and seed all disturbed areas with BLM seed mixture # 3.
