OCD Order No. R-13040 – Order to Submit Correct Producing Intervals

Dear Ms. Mull,

In November 2008, the OCD completed Case No. 14145, Order No. R-13040, in which Cimarex was ordered to “submit the correct producing intervals in the Pennzoil 36 State No. 1 well on or before January 10, 2009.”

In October 1997, Mallon Oil Company added Bone Spring perms @ 9516'-9554' in the Pennzoil 36 State Com No. 1 well. However, Mallon never submitted a C-103 Notice of Intent or a C-103 Subsequent Report for those activities. Since Mallon turned the well over to Cimarex (then Gruy) in 2001, Cimarex must notify the OCD of the missing producing interval. Our attached Sundry Notice should accomplish that.

If you need any further information, please give me a call at 469-420-2723. Thanks and have a wonderful day!

Sincerely,

Natalie Krueger
