RE: Robinson # 1 Well - Plugging Marker 30-025-36788

Mr. Parker,

I would prefer to have a buried plate that could be located later by metal detector or G.P.S. locator to an above ground dry hole marker.

This will allow us to put the ground back in cultivation without obstruction.
Please be sure the buried plate is at least 48" below ground level.

Thanks for your cooperation.

Gary M. Schubert
