13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The above location was reclaimed on May 14, 2009 as follows:

1. Removed caliche from location per landowner
2. Remove any contaminated soil and disposed at an approved site
3. All caliche and concrete was taken to land owners pit per his request
4. Removed well sign, flowlines, and any debris from area
5. Install dry hole marker with all required information
6. Slope and level location to natural contour
7. Road was left in per landowner
8. All disturbed areas seeded with landowner's seed mixture with BLM approved seed.
9. Meter run left for future use as requested by DCP.
