**Re: Application of Agua Sucia, LLC to reinstate a permit for salt water disposal for its Government "E" Well No. 1 located in Unit Letter "N" Section 25, Township 19 South, Range 34 East, Lea County, New Mexico.**

Dear Mr. Jones:

Louray Oil Company requested the reinstatement of an expired permit for salt water disposal (Order SWD-559) in the Government "E" Well No. 1 located in Section 25, Township 19 South, Range 34 East, Lea County, New Mexico. Armstrong Energy Corporation objected to this application and it was set for hearing as Division Case No. 14345. By letter dated September 15, 2009, James Bruce, attorney for Louray Oil Company, requested that this case be dismissed. Armstrong has now been advised by Agua Sucia, LLC, that it has filed a new application for reinstatement of SWD-559.

The purpose of this letter is to advise the Division that Armstrong Energy Corporation renews its objection to this application and requests that Agua Sucia LLC's application be set for hearing before a Division Examiner at the earliest possible date.

Very truly yours,

William F. Carr
