Hobbs, NM 88240

Dear Ms. Mull:

This letter is in response to a notice we received by mail in November, 2009 regarding delinquent regulatory filings for the Polecat State #1 gas well, API # 30-005-29066. As we discussed on the phone November 10, 2009, please find attached form C-105, amended form C-102, a full set of well logs, and a deviation survey for the aforementioned well. Also, as we discussed, we will wait to file form C-104 until pipeline construction has been completed.

Sincerely,

Kyle Alpers
Engineer
