If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Chesapeake, respectfully, requests permission to change plans to TA this well. We plan to leave well shut-in for 6 months until conversion of injection completed per pending OCD approval. This well will be part of a future water flood.

well may be approved to be SI until 3/28/2010 as per your request. After successful MIT and subsequent report is submitted. This will be the last and only SI approval. Well must be P&A or plans to convert to WIW submitted by March 1, 2010. IF well is going to be used as a WIW cement behind Production string needs to be verified by Bond log to prove TOC into Intermediate casing string. No bleed off is allowed on WIW MIT. Contact BLM to witness.
