13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

- Cleared trash and debris on location as per order #04-008-10W
- Stained soil on location was treated in place with nitrogen fertilizer and watered in.
- Concrete pumping unit base will be removed as soon as we can get a larger winch truck to location.

Your Sundry has been accepted for record and an extension has been granted to remove the existing concrete on location by March 1, 2010. Once removal has been completed and additional Sundry must be submitted.
