13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

As per our conversation on February 2, 2010, ConocoPhillips Company respectfully requests continued TA status on the above well for a time period not to exceed 6 months from date of approval of this NOI. As discussed, this well is to be a water injection well for the waterflood phase I development. It is our intent to apply for said conversion and do the well work within the time period requested above. A successful MIT was ran on 2/2/2009 and is on file with your office.

After 8-2-2010 the well must be online
or plans to P & A must be submitted.

Well Approved to be TA until 8-2-10 so as to give Conoco time to get
Injection Approval for well

THIS IS THE LAST TA FOR THIS WELL
